- Course Objectives Financial English: This course is designed to combine the professional English proficiency and financial products' knowledge. We focus on the real securities trading and sales experience for the Foreign Securities House and for the International Department of Local Securities House. We also would like to introduce the terminology of financial and monetary products in order to cultivating the real working ability and communicating skills.
 1. Strengthen students' communication skills in financial English
 2. Strengthen students' basic understanding of related financial products
 3. Strengthen students' basic understanding of relevant financial markets
 4. Strengthen students' basic understanding of the operation of related financial products
